My life as alien monster bait.

Hollyweird" comes to Middletown! Wally's a superstar! A movie company has chosen our hero to be eaten by their mechanical "Mutant from Mars!"

It's a close race as to which will consume Wally first – the disaster-plagued special-effects "monster" or his own out-of-control pride ... until he learns the cost of true friendship and of God's command for humility.

My Life as Alien Monster Bait keep young readers laughing while learning about who it really is who deserves "star treatment."

Who do you see when you look at me?

Though she lives with the daily challenges of disability, Grace Anna is a typical kid with big dreams.

With imaginative text and charming illustrations, this story teaches children to let go of first impressions and see themselves and others for who they really are.
